V R SENIOR SECONDARY SCHOOL

Summer Vacation Assignment
Learn, Explore & Enjoy!

INSTRUCTIONS:

- Complete all given homework neatly.
- Do your work in your own handwriting.
- Submit after summer vacation.

Have a Happy & Productive Summer Vacation!

INSTRUCTIONS FOR THE PARENTS

Dear parents,

Warm greetings!

Holidays are time when you can connect with your child in many ways. Parents are the first and the most important teacher for a child. You can encourage your child to participate in many educational activities at home and promote his/her quests to learn while working together as it will not only help your child to build, learn and develop his/her skills but also strengthen your bond with him/her .

Homework has to be done under the parents' guidance. Make him/her read daily one or two pages from their books. Don't miss to take your child outdoors in the evening.

Fix up a timetable for your child to organize his/her daily routine like watching television, mobile surfing for information, playing with friends, studying, etc. Dictate them whatever they have read or written.

Make your child responsible by assigning some of the household responsibilities like watering plants, arranging the dining table, organize their room and fill the empty water bottles and put them in refrigerator.

Encourage your child to eat healthy food, avoid eating junk food, wear clean clothes, wash hands before and after every meal, trim their nails. Let them play and share their stories with their grandparents.

Above mentioned guidelines will help your child to become a smart and an active learner.

INSTRUCTIONS FOR THE STUDENTS

1. Get up early in the morning.
2. Wish your parents, grandparents and elders.
3. Pray to God daily.
4. Exercise everyday.
5. Brush your teeth twice a day in the morning and before bedtime.

13. One Major Limitation
14. Analysis of Data
15. Relevance of the study in Current Scenario
16. Conclusion
17. Reference

Information Practices

Section A – Python Programming

Activity 1: Write and Execute the Following Python Programs

- Program to find whether a number is even or odd
- Program to calculate simple interest
- Program to find the largest among three numbers
- Program to print multiplication table of any number
- Program to calculate factorial of a number
- Program to check whether a year is leap year or not
- Program to calculate area of a circle
- Program to swap two numbers
- Program to print Fibonacci series
- Program to count vowels in a string

Section B – Data Handling Using Pandas

Activity 2: Answer the Following Questions

- What is Pandas?
- What is a Data Frame?
- Difference between Series and Data Frame
- Write steps to install Pandas
- Explain any five functions of Pandas.

Activity 3: Practical Work

- Write Python programs to:
 - Create a Series
 - Create a Data Frame
 - Display first five rows of data
- Add a new column in Data Frame
- Delete a row or column from Data Frame

Section C – Database Concepts

Activity 4: Write Short Notes on

- Database
- DBMS
- Features of DBMS
- Advantages of Database
- SQL
- Primary Key
- Data Types in SQL

Section D – SQL Queries

Activity 5: Write SQL Commands for the Following

- Create a table named STUDENT
- Insert records into the table
- Display all records
- Display records with marks greater than 80
- Update student marks
- Delete a record from the table

Section E – Communication Technologies

Activity 6: Answer the Following Questions

What is the Internet?

Difference between Internet and Web

What is URL?

Explain HTTP and HTTPS

What is Cyber Crime?

What is Phishing?

Write safety measures for online security.

Section F – Project Work

Activity 7: Prepare Any One Project

- Choose any one topic:
- Artificial Intelligence
- Cyber Security
- Digital India
- Online Education System
- Social Media Impact

Physical Education

1-Read the following chapters and prepare notes in your register:

Unit – 1 Changing Trends & Career in Physical Education

Unit – 2 Olympic Value Education.

Unit -3 Yoga
